**DATE:** September 16, 2013

**TO:** Wisconsin Medical Examining Board - Disciplinary Guidelines Committee

**FROM:** Janie Brischke, Program Policy Analyst Adv, DLSC  
Beth Cramton, Paralegal, DLSC

**SUBJECT:** Disciplinary Guidelines Comparison Report

The Disciplinary Guidelines Committee met on May 24, 2013 and requested a review/comparison of State Medical Board of Ohio disciplinary guidelines as compared to actions taken by the Wisconsin Medical Examining Board.

The report sets out the State Medical Board of Ohio categories of discipline and the specific violations in each category. For each violation the report identifies the Ohio minimum/maximum penalty and then the actual disciplines imposed in Wisconsin. The information for Wisconsin is based on disciplinary actions issued from January 1, 2011 thru December 31, 2012. If no discipline is listed for the Wisconsin section, then there was no discipline action taken in the two years of data analyzed.

A supplemental document is included which identifies, "DLSC Aggravating and Mitigating Factors" for the committee to consider.

The intent of this report is to provide the Wisconsin Medical Examining Board - Disciplinary Guidelines Committee with the requested information to aid in the development of disciplinary guidelines for Wisconsin. We hope the information is helpful. We look forward to continuing to provide services to the Board in the best manner possible.
